Speed-dating crowdsourcing projects

- Choose from the projects listed on today's exercise sheet
- The aim is to find a project you love
 - If you've caught the bug, you'll better understand other participants
- If you don't like a project
 - Practice articulating the reasons

Project reviews

For each site you review, write one post-it note each on:

- What you liked most about it
- What you liked least about it
- Who would you recommend it to?

Write the project name at the bottom of the note and post each note by the project name
